

# JOIN OUR WIFI SERVICES DIRECTORY

Friendly WiFi - It's good to know.

## Advertise your business in our unique WiFi Services Directory

An online directory for all things WiFi, a place for businesses to seek out their WiFi solutions and choose reputable suppliers from our growing list of industry partners....You!

As you will see below, there are a number of categories that you can opt for and as part of the service you can have an entry in as many as is suitable to your business.

It's a simple process and once we have the information and your logos, your adverts will be live. As part of our marketing direct to brand and venues, we promote the services directory and as Friendly WiFi continues to grow, this area will only get busier and busier.

# WHAT'S THE EXPOSURE

Friendly WiFi - It's good to know.

**Friendly WiFi works with many people and organisations who are looking to upgrade or find new and alternative WiFi solutions**

**Brands** – we work with key brands and venues who have all committed to the journey of online safety and put it at the forefront of their activity. Brands continually seek out new WiFi solutions

**WiFi users** – there are 5 million plus users of Friendly WiFi certified WiFi each month and growing.

**Industry** – we work with over 250 industry providers of WiFi services who are based all over the world delivering hardware, software, marketing and filtering solutions

**Government** – the initiators behind the standard who are at the top of the supporters of online safety and Friendly WiFi

**Charities and specialist organisations** – key drivers in the world of online safety, who support us through making introductions to businesses requiring WiFi and online safety solutions

**Corporates** – even organisations who don't qualify for our Friendly WiFi certification, but still seek out WiFi and other WiFi related solutions

**Parents** – via social media and relationship with schools, we are on a mission to drive awareness and educate on new technology solutions

# BENEFITS
